

## 4X4 LIFT KITS

If you after some more ground clearance for your four wheel drive then you need a lift kit, suspension lift kits are a safe legitimate way of lifting your 4x4, Lovells 4x4 lift kits are the only true Australian made, and developed kit using tough Australian steel.

Lift kits have the added advantage of making your vehicle a lot safer while carrying a constant load, if your vehicle is fitted with some 4x4 accessories such as bull bars, winches, roof racks, spare wheel and jerry can holders, maybe a fridge then fitting the correct lift kit is very important, if your thinking of fitting a lift kit to your 4x4 then do a rough calculation of the extra weight you are going to carry and we can match the correct kit for you. All lift kits come with a national 3 Year Warranty
